

NG JIA SIANG JASON

Singapore 567748 | 94276262 | jasonngjs365@gmail.com |

Education

National University of Singapore (NUS) – Singapore

Bachelor of Science in Business Analytics (GPA 4.36/5.00)

Expected in 05/2028

Specialization in Financial Analytics

Second Major in Quantitative Finance

Professional Summary

Year 2 Business Analytics student at NUS School of Computing with strong foundations in R, Java, Python, SQL. Experienced in relational database design, large-scale data analysis (100,000+ records), and dashboard development using Tableau. Seeking Data Analyst internship opportunities.

Technical Skills

Programming and Query Languages - SQL, Python, Java, R

Data Visualization – Tableau, Excel

Analytics: Statistical inference, exploratory data analysis (EDA), regression

Database: Relational schema design, ER modeling, normalization

Projects

E-Commerce Business Insights Analysis (Olist Dataset)

- Analyzed 100,000+ transaction records using SQL and Python to identify purchasing trends and revenue drivers
- Performed data cleaning and preprocessing using Python and SQL to improve dataset reliability and analytical accuracy
- Conducted exploratory data analysis (EDA) to identify customer behavior patterns and seasonal trends
- Built visualizations using Tableau to communicate insights
- Proposed data-driven recommendations to improve Olist's product offerings and customer experience

Relational Database Design (SQL)

- Designed and implemented a relational database schema for a school facility booking portal
- Created Entity-Relationships (ER) diagrams and normalized tables to maintain data integrity
- Defined Primary and Foreign Keys to enforce referential integrity

Personal Resume Website (<https://json-ng.github.io/json-portfolio/>)

- Designed and deployed a personal portfolio website to showcase my data analytics projects and technical skills
- Applied front-end development principles to enhance user experience
- Maintained version control using Git

Experience

Sales Promoter, Tuas Power Supply Pte Ltd

2019

- Completed sales and communication training, developing persuasive communication and customer needs analysis skills
- Analyzed customer's electrical usage patterns and advised on optimized pricing plans
- Applied cost comparison analysis to increase plan adoption rates

Executive Lounge Service Staff, Fairmont Hotel

2024

- Coordinated with cross-functional teams to ensure smooth lounge operations
- Delivered personalized service by analyzing guest preferences and improving service responsiveness
- Identified recurring service inefficiencies and communicated feedback to operations team
